Exterior Spaces

Previous OCPS Schools using the same/similar prototype

- Hungerford Elementary School
- Deerwood Elementary School
- Maxey ES
- Laureate Park Elementary School
- Meadow Woods Elementary School
- Ventura Elementary School
- Bay Lake Elementary School
- Independence Elementary School
- Eagle Creek Elementary School
- John Young Elementary School
- Wheatley Elementary School
- Shingle Creek Elementary School

Sustainability

- The new Winegard Elementary School is designed to meet Green Globes
- sustainable building standards. Sustainable Features Include:

Site

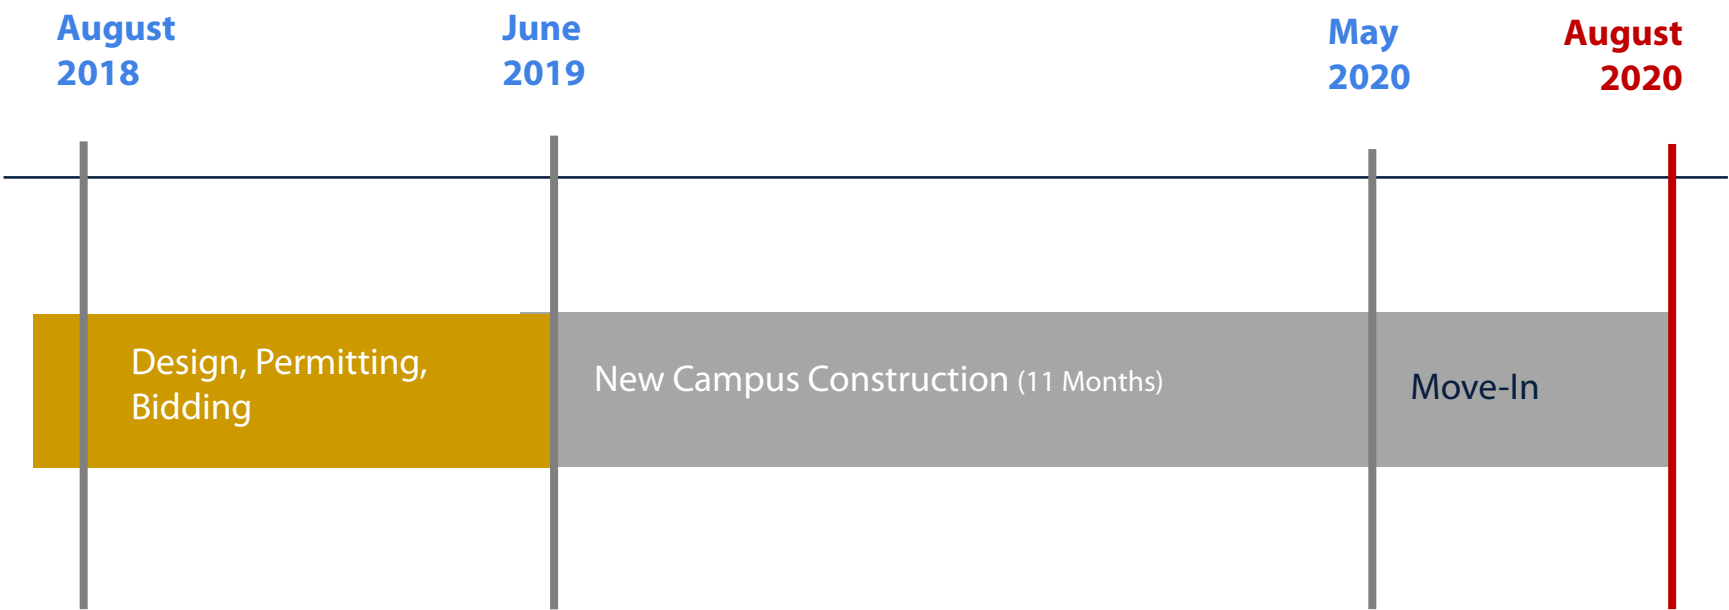

- Native/low water plants – reduce water consumption
- Low Impact Design (LID) stormwater design

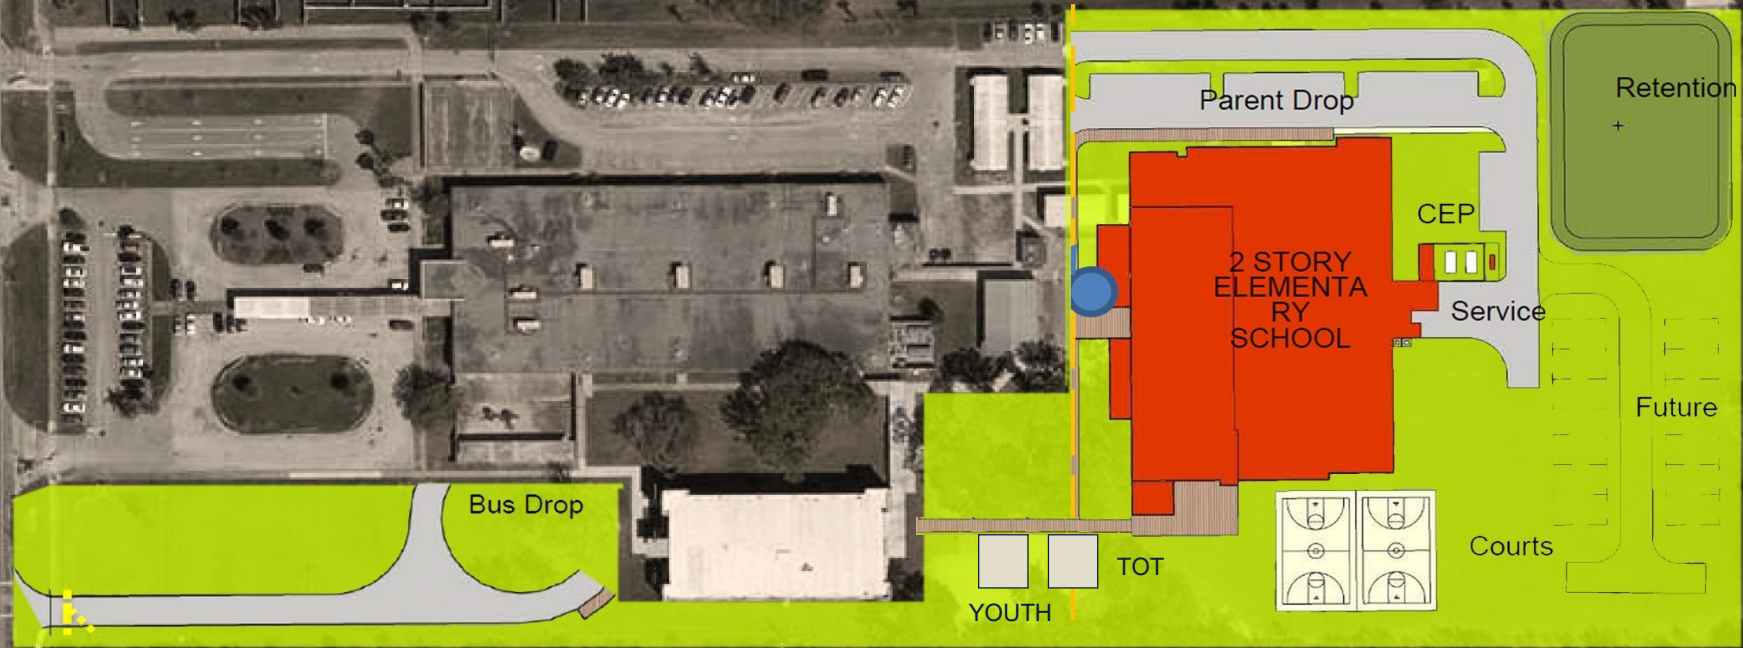

Building

- 10% more energy efficient than ASHRAE 90.1 standard
- Lighting system and power outlets designed to turn lights and power off in unoccupied spaces (energy reduction)
- High Efficiency Chillers (10% energy reduction)
- Light colored roof to reduce heat gain and improves energy performance
- Energy Star rated equipment
- Water saving toilets, faucets, and fixtures
- All classrooms in the new building have daylighting
- Over 75% of ALL spaces in the new building have daylighting
- Thermal efficient windows/glazing

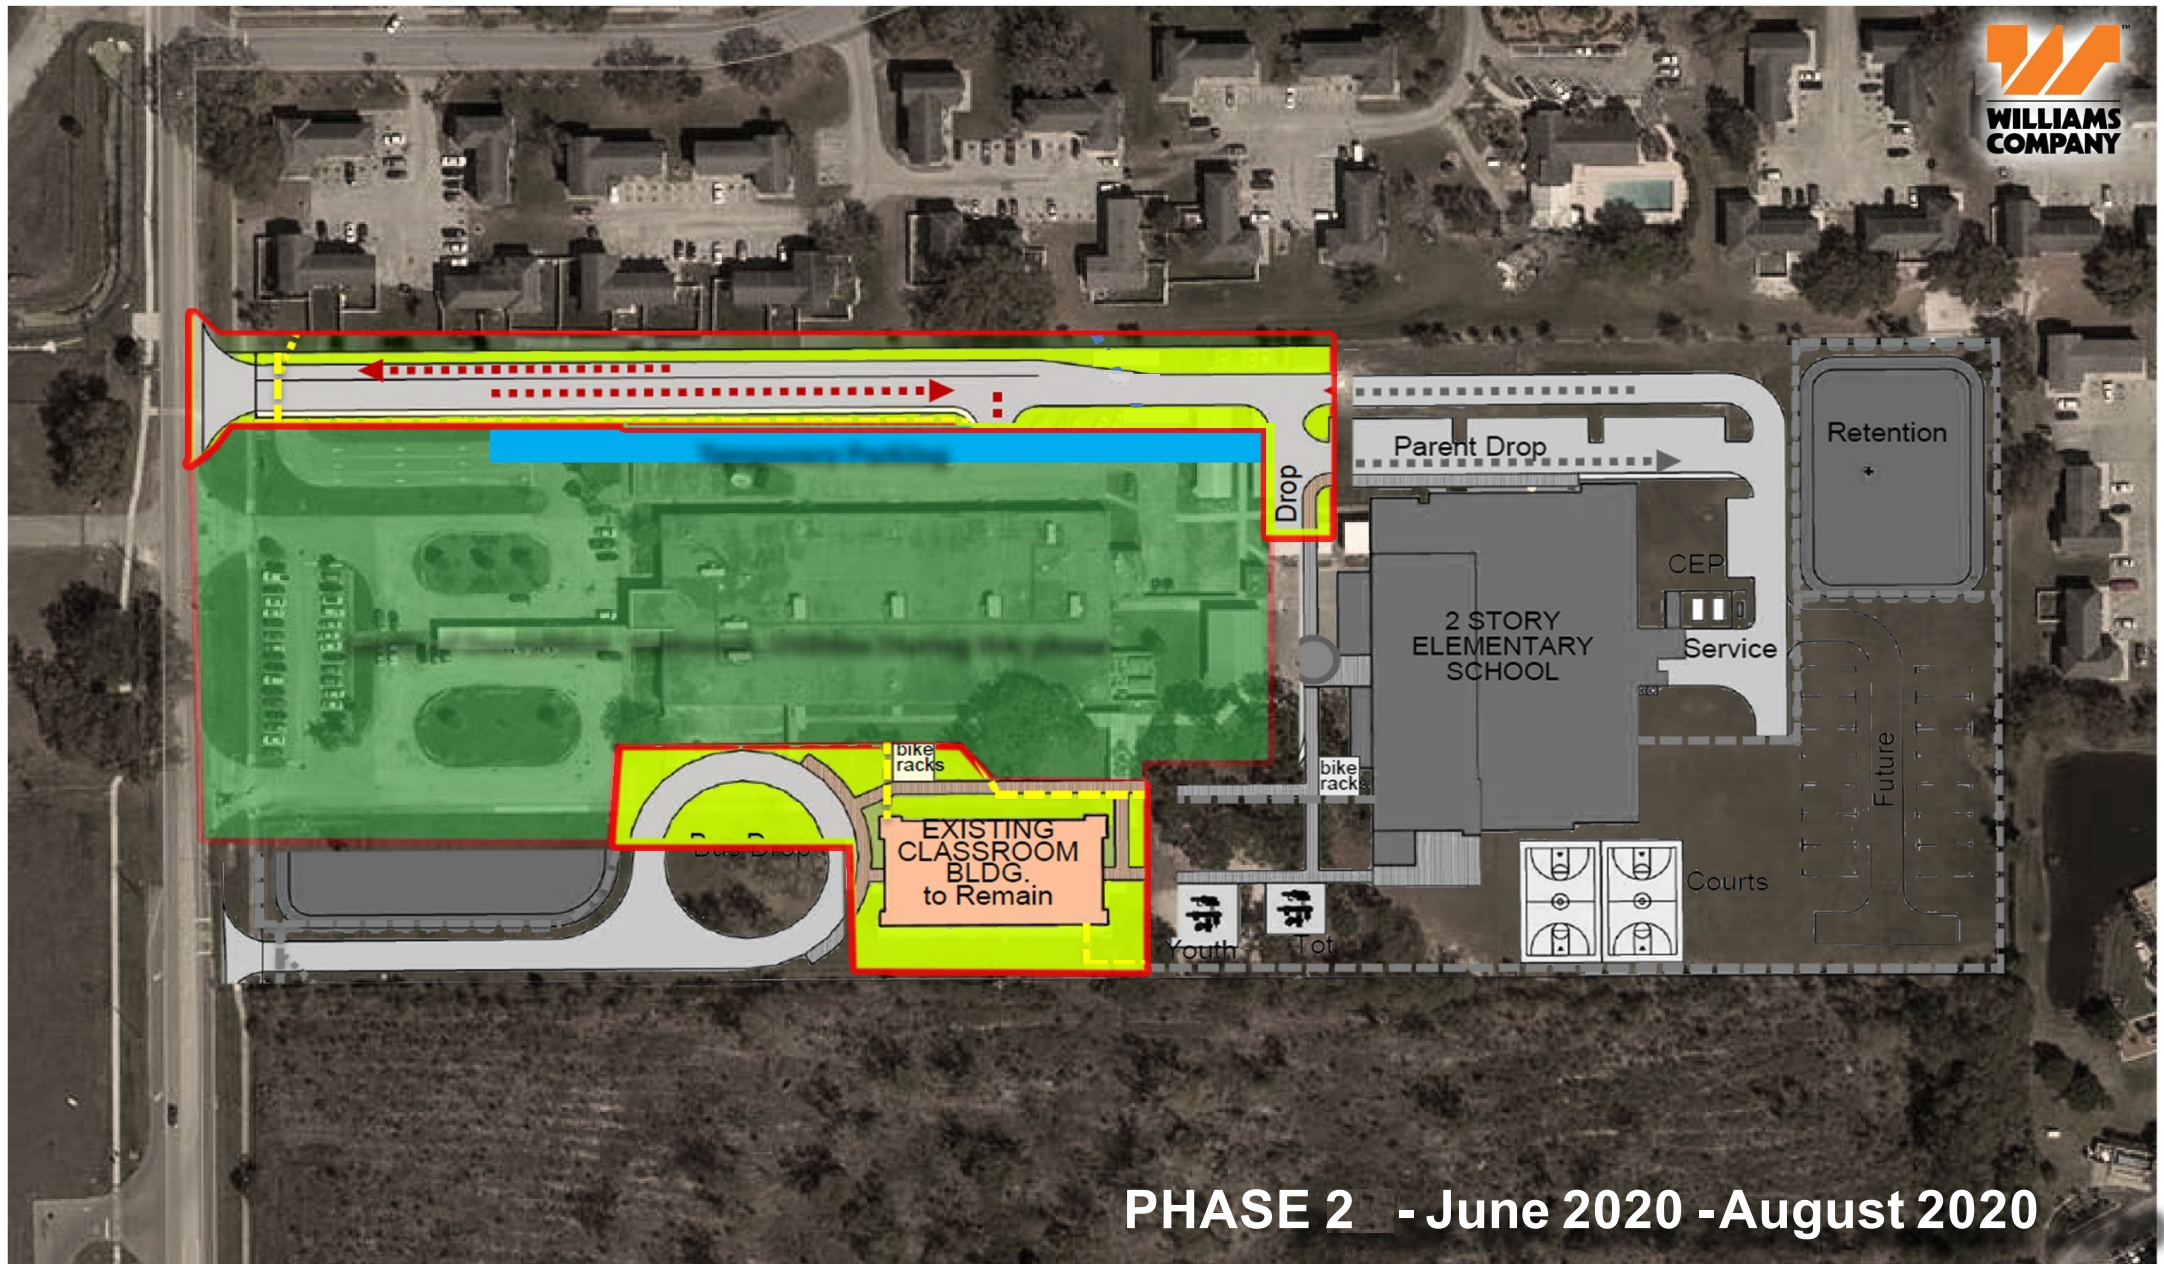

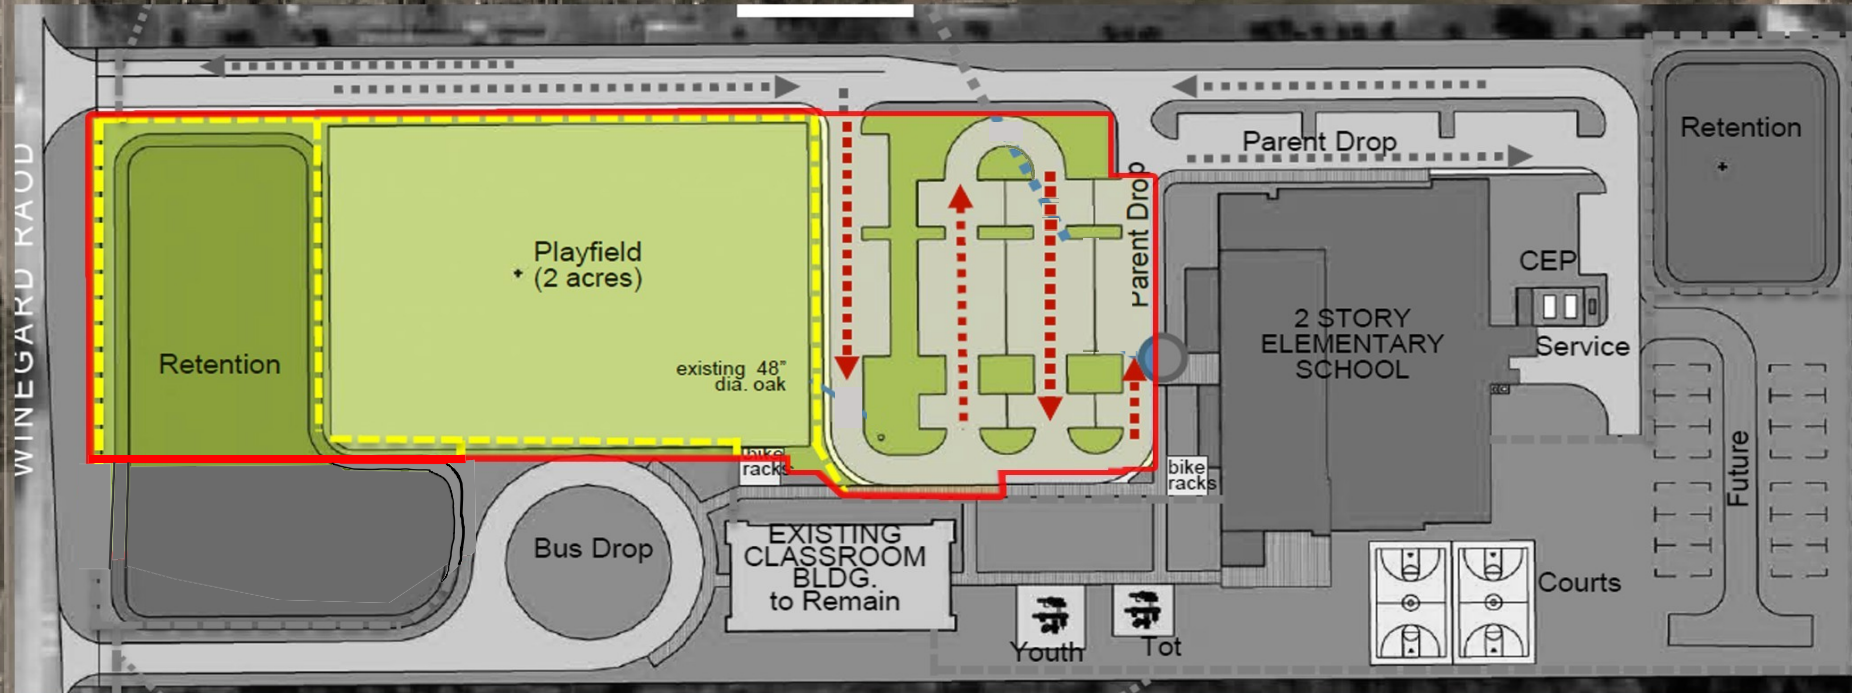

Schedule

PHASE 1- June 2019 - May 2020

PHASE 3-August 2020- November 2020

What to Expect During Construction

- Early Morning Concrete Pours
- Security Lights at Project Perimeter
- Security Cameras at Project Perimeter
- Traffic Due to Material Delivery
- Temporary Fencing – Double Row of Separation
- All Construction Staff will be State and OCPS badged
- Temporary Sidewalks

Questions & Answers
