Sneak Peek walkthroughs set for 13 new, replacement OCPS schools

Thousands of students, parents and alumni will walk the halls of gleaming new schools during Sneak Peeks in the weeks before classes begin. Seven of the schools are replacements or renovations of existing campuses. Six are new schools built to accommodate growth and population shifts. The new schools include an innovative preschool- through eighth-grade school with an on-site community partnership school, the district's first new high school in nearly a decade, two new middle schools and two new elementary schools.
