

District 6

School Construction and Maintenance

Projects 2020-21

A renovation/replacement of **Acceleration West** has been completed and opened for students in August 2020. The campus, which previously included classroom portables with core spaces in permanent buildings, was converted to include permanent classroom space. The existing permanent buildings have been renovated.

At **Audubon Park School**, a tot lot playground shade structure was installed in July 2019.

At **Azalea Park Elementary**, a tot lot playground shade structure was installed in July 2020.

At **Baldwin Park Elementary**, a new security fence was installed in 2019. Replacement of air conditioning chillers is scheduled for 2021.

The track was resurfaced at **College Park Middle**. Replacement of air conditioning chillers and pumps is scheduled for 2021.

At **Dommerich Elementary**, new security fencing has been completed and new playground equipment and play courts were installed in 2020.

The reconfiguration of the parent pickup and drop-off loop at **Dover Shores Elementary** has been completed.

At **Edgewater High**, a rebuild of the chillers was completed in December 2019. A security fence project is ongoing. The greenhouse project is nearly complete. A community meeting has been held to discuss adding lighting to the softball and baseball fields.

At **Evans High**, lighting at the football stadium was replaced in December 2020. Installation of lighting at the baseball field is underway and is scheduled to be completed in December 2020. The track is set to be rubberized and the field events areas are set to be replaced in 2021.

At **Hillcrest Elementary**, a youth playground and sunshade were completed in July 2019.

Howard Middle is scheduled to have a comprehensive renovation begin design in June 2021 and be completed in June of 2024.

At **Killarney Elementary**, a tot lot playground shade structure was installed in December 2019. Exterior painting campus-wide is scheduled for 2021.

A comprehensive renovation of **Lake Gem Elementary** was completed for the 2019-20 school year.

The project included the renovation of existing buildings as needed. A Curb Appeal project was completed in February 2020.

At **Lake Sybelia Elementary**, a water bottle filler was installed in September 2019.

At **Lake Weston Elementary**, a tot lot playground shade structure was installed in December 2019. Interior painting was completed at Lockhart Middle in July 2019.

At **Maitland Middle**, replacement of air conditioning units at buildings 400 and 500 is scheduled for 2021.

The carpet was replaced in the media center at **Orlando Gifted Academy** in July 2020.

Orange Technical College – Winter Park Campus is in planning for a replacement project set to be completed in December 2023.

A project that included a combined facility housing the North Learning Community, Transportation administration, and Northwest Maintenance departments at the **Pine Hills Transportation Compound** was completed in 2019.

Work was underway through September 2020 on a campus-wide capital renewal project at **Pinewood Elementary**. The project includes a new heating, ventilation and air conditioning system and other campus-wide improvements including new outside drinking fountains, new water heaters, new gutters and downspouts and a new intercom system. A tot lot playground shade structure was installed in December 2019.

At **Princeton Elementary**, exterior and interior painting is scheduled for 2021.

Milling, resurfacing and restriping of driveways and parking at **Ridgewood Park Elementary** was scheduled for completion in September 2020. A tot lot playground shade structure was installed in July 2020.

At **Riverside Elementary**, a tot lot playground shade structure was installed in December 2019.

Rolling Hills Elementary in August 2020 opened a new main building and two renovated classroom buildings for 653 students. The new school includes classrooms, administration, cafeteria, and media center. The school has the latest classroom technology, new play areas and new bus and car loops.

At **Rosemont Elementary** new water fountains, a new fire alarm system and improvements to the heating, ventilation and air conditioning system are scheduled to be complete in July 2022. A tot lot playground shade structure was installed in April 2019. Interior painting campus-wide is scheduled for 2021.
