Route Bid Process

3. All routes are subject to change by the routing department based on management decisions regarding the level of service to be provided, program changes, changes in student riders, as well as the additions and deletions of stops that have a safety or financial impact to the District. ~~A quarterly (every 3 months starting in October), re-evaluation/evaluation shall be conducted on all recently changed (within the last 3 months) routes. If a route changes more than once quarterly, an emergency transportation UMM shall be held prior to the change. A copy of the safety or financial impact shall be provided to the Union prior to the aforementioned UMM.~~ Upon completion of the aforementioned route changes, the bus operator and bus monitor shall be given no less than two (2) duty days to complete dry runs prior to taking over the route, except in emergency situations.

7. Awarded bids will not take effect until the successful bidder has completed the seating chart, registration cards, student safety referrals and cleaned their bus for their current route. Bus operators or bus monitors who are awarded bids during the FEFP count period shall remain on their routes until the close of the count period. Upon award of the bid, the bus operator or bus monitor is to familiarize themselves with the route and shall be given no less than two (2) duty days to complete dry runs, except in emergency situations, prior to taking over the route. Bus operators must use a school bus when completing dry runs. This allows the bus operator to observe and report conditions and hazards to the school bus.

9. If routes are consolidated by the routing department due to reduction in service needs, the bus operator or bus monitor with the most seniority will be given the consolidated route. The bus operator or bus monitor removed after route consolidation will be required to bid on the next available cycle. Upon consolidation of the routes, the bus operator or bus monitor is to familiarize themselves with the route and shall be given no less than two (2) duty days to complete dry runs prior to taking over the route, except in emergency situations.

Bonus for Classified Employees

The Orange Education Support Professionals Association, the Orange County School Board and the Superintendent recognize and value the work performed by the classified employees of Orange County Public Schools and wish to demonstrate their appreciation by awarding classified personnel with a one-time bonus in the amount of \$1,000 per classified employee.

Governor Ron DeSantis and the Florida Legislature provided a \$1,000 bonus for full-time classroom teachers. This bonus excludes our valued classified employees and we wish to recognize them as well.

This \$1,000 bonus will be distributed to all classified personnel hired in benefited positions on or before May 28, 2021. All eligible, classified personnel must have an active employment status on the date the bonus is paid. Those employees who retire between the date of execution of the Memorandum of Understanding and date of payout who otherwise are eligible to receive the bonus will be included.

The bonus is to be paid on the September 8, 2021, or September 15, 2021, check depending on the employee's payroll cycle.

Route Bid Process

3. All routes are subject to change by the routing department based on management decisions regarding the level of service to be provided, program changes, changes in student riders, as well as the additions and deletions of stops that have a safety or financial impact to the District. ~~A quarterly (every 3 months starting in October), re-evaluation/evaluation shall be conducted on all recently changed (within the last 3 months) routes. If a route changes more than once quarterly, an emergency transportation UMM shall be held prior to the change. A copy of the safety or financial impact shall be provided to the Union prior to the aforementioned UMM.~~ Upon completion of the aforementioned route changes, the bus operator and bus monitor shall be given no less than two (2) duty days to complete dry runs prior to taking over the route, except in emergency situations.

7. Awarded bids will not take effect until the successful bidder has completed the seating chart, registration cards, student safety referrals and cleaned their bus for their current route. Bus operators or bus monitors who are awarded bids during the FEFP count period shall remain on their routes until the close of the count period. Upon award of the bid, the bus operator or bus monitor is to familiarize themselves with the route and shall be given no less than two (2) duty days to complete dry runs, except in emergency situations, prior to taking over the route. Bus operators must use a school bus when completing dry runs. This allows the bus operator to observe and report conditions and hazards to the school bus.

9. If routes are consolidated by the routing department due to reduction in service needs, the bus operator or bus monitor with the most seniority will be given the consolidated route. The bus operator or bus monitor removed after route consolidation will be required to bid on the next available cycle. Upon consolidation of the routes, the bus operator or bus monitor is to familiarize themselves with the route and shall be given no less than two (2) duty days to complete dry runs prior to taking over the route, except in emergency situations.
