TITLE: Student Organizations

POLICY:

When conducted under the name of the school or school district or any class or organization thereof, extracurricular activities shall be under the general supervision of the school authorities. School organizations and activities designed for students shall be approved by the principal. An instructional staff member shall serve as a sponsor or advisor to each organization. The Code of Student Conduct shall apply to all such activities in grades K-12.

- (1) Activities shall be integrated with and supplementary to the regular school program.
- (2) Approval from the Florida High School Athletic Association, Inc., (FHSAA) shall be sought for organizations, when applicable. Rules of organizations shall conform to FHSAA guidelines.
- (3) On a voluntary and individual basis, outside the regular athletic/extracurricular program, students may participate in activities sponsored by outside agencies. Such activities when conducted are strictly between the individual participants and any supporting agency and shall neither be endorsed nor supported by the School Board of Orange County. Since the school board shall not be involved in the planning and operation of such activities, all publicity, literature, and advertisements shall not infer official sponsorship nor include the name of either the individual school or the school board.
