OCPS parents and guardians, Orange County Public Schools is excited to announce that we have moved to our new student information system. For parents and guardians, this means that you will no longer use Progress Book and or the former Parent Access to view your student's information.

Starting now, you will use the Skyward Family Access system. Further details and set-up instructions can be found on the main OCPS website ocps.net and then click on Skyward under quick links. Click on documentation at the bottom of the skyward page and use the "Skyward Family Access through LaunchPad" instructions to register for a LaunchPad account. Launchpad will be your link to "Skyward Family Access." Skyward will keep you informed on your student such as grades, attendance and much more.

If you experience any issues while trying to register for a LaunchPad account or within Skyward Family Access please complete the form that is also included on the webpage. Then provide the form to your student's school. Thank you for your support as we transition to the new student information system.
