Alternatives to Elementary School Suspension

Greetings,

OCPS has a program to assist students who are suspended from school to ensure that every child has the opportunity to learn every day. Parents whose children may be suspended are invited to contact one of our alternative to suspension education partner sites. At these sites, students will be supervised by a team of adults, receive access to their school assignments, gain life and social skill training, and be treated with respect and dignity. Because alternative to suspension education sites are regionally located throughout Orange County, you may choose the site closest to your home, work, or other location. To learn more information and reserve a space for your child, please contact one of the following centers:
